

MY 8-WEEK SUMMER SCHEDULE

Week 1

p. 7 – 30

Week 2

p. 31 – 52

English

- story time
- designing a poster
- crossword puzzle
- adjectives

- reading
- giving examples
- rhyming words
- compound words
- word search

Math

- movements on a map
- money
- addition and multiplication
- time and duration

- addition and subtraction
- multiplication and division
- patterning

Science

- animal groups
- predators and prey
- animal adaptations

- parts of a tree
- pollination
- characteristics of living things

Arts & Crafts

- Lion Mask

- Orange Potpourri

Safety Tips

- Backyard Barbecuing

Health Tips

- Drink Up!

- The Physical Activity Pyramid

Week 3 p. 53 – 76	Week 4 p. 77 – 98	Week 5 p. 99 – 122	Week 6 p. 123 – 144

p. 6

Answers

p. 191 – 207

Award

p. 208

POPULAR USA

A. Read the story.

The Missing Rhino

Peter could not keep still as his father parked the car in the parking lot of the zoo. This was the day that Peter's family would visit the African Savanna.

The family followed some large footprints to the African animal area. Peter spotted four zebras munching on the hay. In the distance, a giraffe used its long neck to reach the leaves on the treetops. The family continued to the next exhibit. There, sleeping under a tree, was a spotted cheetah. Peter learned at school that the cheetah is the fastest land mammal in the world.

Peter loved seeing all the animals, but his favorite was next. It was the rhinoceros. Each year, Peter would come to visit Rodney the Rhino.

As Peter went closer to Rodney's area, he knew that something was wrong. Rodney's cage was empty. There was a sign with words in big bold letters on it instead. It said, "**Rodney the Rhino Is Missing.**" Peter was shocked. How could a rhino go missing?

Week

1

English

B. Answer the questions. Then design a “missing” poster for Rodney. Draw a picture of him and describe how he looks.

1. Why was Peter excited?

2. What did the family follow to get to the African Savanna?

3. What did Peter learn at school about the cheetah?

4. Which animal was Peter’s favorite?

5.

MISSING

Reward: _____

A. Look at the map of the City Zoo. Help the children find their way to different spots and fill in the blanks.

Map of the City Zoo

Week
1

Mathematics

1. Jane wants to see the monkeys.

She should go _____ block(s) to the _____ and
left/right
_____ block(s) _____ .
up/down

2. Tim wants to see the giraffes. He should go _____

_____ .

3.

Which way should I go from the giraffes to the Butterfly House?

He should go _____
_____.

4.

I'm watching the tigers. If I go 2 blocks to the right and 2 blocks up, what will I see?

She will see _____.

5.

If an adult pays \$50 for a ticket, how much is the change?

_____ ○ _____ = _____

The change is \$ _____.

The City Zoo	
Admission	
Adults	\$28
Children	\$16

6. How much do the tickets for two children cost?

_____ ○ _____ = _____

The tickets cost \$ _____.

A. Draw lines to match the clues with the animal groups.

Different animals have different physical and behavioral characteristics.

mammal

fish

bird

amphibian

reptile

Water or land,
Fur or hair.
We feed our young milk,
And breathe only air.

Underwater;
Gills and fins.
Upstream, downstream;
Scaly skin.

Alligators, lizards,
Turtles, and snakes.
In deserts or forests,
In seas or lakes.

Frogs, newts,
Salamanders, and toads.
First we swim,
Then hit the road.

Feathers and wings;
From earth to sky.
We hatch from eggs,
And most of us fly.

B. Find two of each type of animal. Write their names.

1. mammal _____
2. bird _____
3. reptile _____
4. amphibian _____
5. fish _____

Science Fun

Amphibian eggs do not have shells. They are protected by jelly.
